## **AUDITORS' REPORT**

**The records of the Selectmen, Town Clerk, Tax Collector, Treasurer, Trustee of the Trust Funds, Cemetery Commission, and Library Trustees have been examined pursuant to RSA 41:31 for the year ending June 30, 2005.**

**This audit was conducted by balancing all accounts, checking all income and expense vouchers and verifying the method of handling all aspects of the financial positions of the Town of Stoddard. This included the procedures used by the duly elected Officers and appointed personnel charged with the responsibilities of the positions listed above.**

**In the opinion of these Auditors, the above accounts, together with their financial statements, present fairly the financial position for the year end of the Town of Stoddard. These records also conform to generally accepted accounting principals applied using the cash basis method.**

**Respectfully submitted,**

***June Congdon, Auditor***

## SELECTMEN'S NARRATIVE

As the picture on the cover of this year's Town Report illustrates, this was the year of the October Flood. We can be very thankful that this incident resulted in no loss of life in Stoddard. There is much credit due to both our Fire and Rescue and Police Departments, having heard many stories of people being awoken in the early AM to evacuate. Many volunteers assisted with hours of their time, often providing essentials such as food from their homes. This event brought out the very best in Stoddard's people, helping one another and their neighbors, and showing a true sense of community.

The dam held, but many properties were damaged severely. A portion of the town's historic stone twin arch bridge was damaged too. We learned recently that the NH Department of Transportation plans to repair it this summer, and we are deeply grateful. We had many road repairs as well, with some still needing to occur. Careful management of this disaster, including excellent record keeping, has allowed the town to recover much of their damages from FEMA and the State.

The town's recently revised Emergency Management Plan was given a thorough test with this event. We are now in the next stage of planning creating a Hazard Mitigation Plan, making us eligible for Homeland Security Funds. Resulting grants from that agency appear on this year's warrant proving funds for fire and rescue gear. We are also in the application process for the Federal Flood Insurance Program. Both of these endeavors will take several months to complete, and come with the assistance of the Southwest Regional Planning Commission of which we are members.

## **STODDARD POLICE DEPARTMENT REPORT**

With the increase of Traffic patrols and the much milder winter, the number of Accidents have shown a significant decrease for the past year. To date, the Accident count has reduced by one half from what the count was at this time last year, and one third of what they were the prior year. One of the accidents was a very serious one that resulted in a fatality of a local person on Route 9. Our sympathy goes out to the family of those involved.

The increased patrols have also shown a positive result with traffic control on Route 123 and the back roads of Stoddard. Vehicles adhering to speed limits and a more safety minded public has been a priority of this Department. There has been a reduction in the number of traffic warnings and summons issued. We plan to continue this effort with a focus on traffic control on Route 123 between Route 9 and the Marlow line. The area between Island Pond Beach and the Church has been problematic lately. With Spring just around the corner, walkers along Route 123 will be showing their presence a good deal more.

This does not mean that the Police Department has not been busy. A Call for Service represents an activity that required police assistance. There were 126 such incidences during the last year.

The October flood resulted in a closing of the Shedd Hill Road bridge for several hours while a pontoon boat was extracted from under the bridge and until the water level crested. The evacuation of several homes in the Island Pond area was provided by the checking of many properties to assure there were no residents remaining and that there was no spillage of stored fuel. During this crisis the Merrimack County Sheriff Department provided Officers and equipment to help out. Our sincere thanks go out to them for their assistance.

During the past year there have been four arrests. Two of these involved Driving While Intoxicated (DWI) and two involved misdemeanor criminal offences where a warrant was obtained. We are pursuing more criminal cases than before and as a result our time in court has increased.

Over the last several years we have requested that each homeowner assure that their house is identified with the number. Having a house identified is very important in providing quick response to an issue. If you have not yet identified your property with numbers that are at least three inches high in a clear available location please do so in order to locate you if an Emergency rises.

In case of Emergency call 911 or 355-2000. For non-Emergency message call: 446-3597

## STODDARD FIRE & RESCUE DEPARTMENT REPORT

Medical Calls 52  
Fire Calls 30

Mutual Aid Calls 9  
Motor Vehicle Accidents 24

We responded to 115 incidents for the year. This is the highest number of incidents in the history of the department. In January alone we responded to 25 incidents.

The department faced many challenges this year, especially in October during the flooding. Our members performed exceptionally during this difficult time. Each member assisted with pumping basements, sandbagging, securing items on Highland Lake and Island Pond and evacuating our residents from the Highland Lake dam to Route 9. Also, some of our members assisted other towns with responding with our pontoon boat to assist in the search efforts on the Connecticut River in Chesterfield during the flood.

Due to the fact that our mutual aid towns were also over taxed during the flooding and access to our surrounding towns was limited, we utilized the NH State Fire Mobilization Plan Annex to assist with providing fire and medical coverage for the town of Stoddard for four days. The towns that provided assistance came from the Concord Capitol area. Stoddard was the first town in NH to utilize this system.

We would also like to thank the following towns from the Mutual Aid System: Antrim, Harrisville, Hillsboro, Peterborough, and Keene. Their assistance throughout the year was invaluable, especially during the multiple calls that we have been experiencing, and for those that have assisted during the flood.

Our sincere appreciation goes out to the residents of Stoddard, especially Mary Lou Stymest, Jean Clark, Boni Sarcione, Taryn Sarcione, Carol Clark, Beverly Gay, Arlene Dicorcia, the Mill Village Store - Dale & Debbie Smith, and the Stoddard Rock Hoppers. We can't thank them enough for their assistance with providing the emergency workers with a warm meal during the flood. We would also like to thank the many other contributors who brought refreshing drinks, a home cooked meal or warm blankets to the command center.

We would also like to thank retired Deputy Chief Joe Sarcione and his son Shannon Sarcione for their around the clock assistance during the flood, especially at the command center. We would also like to thank the school board and the staff at the school for the use of their facility during the flood. Our Selectmen, Lindsay Freese (Emergency Management Director) and Police Department as they are major contributors to our department's success and we thank them for their continued support. The Highland Lake Association assisted during the flood with securing items on the lake.

A special thank you to the Antrim Fire Department & Ambulance Service who at the last minute volunteered to host some of our residents that were evacuated during the floods.

Captain John Wilder returned home safely from serving one year in Afghanistan with the Army National Guard for Operation Enduring Freedom. Welcome back and thank you for your service and commitment.

Donald Holland, Jr. received his Firefighter 1 certification after a long fall and winter of training. We appreciate his dedication and service. Thank you.

A special thank you goes out to Jessie & Stephanie Pollock for taking the time to paint the old fire station. It looks fantastic.

We also have experienced our highest recruitment of new members for the year. We would like to welcome Eric Manning, George Preston, Matt Cerbone, David & Margo Santoro, Steve Rockwell & Wayne Hall.

With the increase of membership comes the task of purchasing protective clothing for each member. The cost of providing a pager and clothing per member is \$2,000.00. This year we spent most of our budget on protective clothing and pagers. We still need to outfit 4 new members and 2 of our prior members need gear that fits properly. In order for members to participate in training they must have NFPA approved gear.

Phase two of the State of NH and Federal Homeland Security Grant program for two mobile radios and 9 portable radios for the Fire & Rescue department has been submitted. The mobile radios are going to be issued to the Chief and Deputy Chief. The radios are going to be installed in their privately owned vehicles. We requested 9 portables. The total cost of this grant is valued at \$21,000. No decision has been made as to who is financially responsible to pay for the programming of the first 48 channels on these portables. If we are responsible for the programming the dollar impact will be minimal and will be taken out of our operating budget.

Our department personnel thank you for your continued support.

## CEMETERY COMMISSION REPORT 2005

The sign for Dow Hill Cemetery is on order and will be installed in the Spring of '06 as soon as weather permits. We hope this clarifies the confusion referring to this cemetery as the "new cemetery". The "new" cemetery addition ~ to the school hill cemetery was first used in 1985. The first interment in the old portion of this cemetery was 1792. It has been known as the "New" cemetery and this is a misnomer, it is the "Dow Hill Cemetery". The "New Town Cemetery" is located on Mount Stoddard Road and it isn't so new! This cemetery dates 1822!

The Cemetery Commission has plans in place to work on the old section of the Dow Hill cemetery which is sadly in need of attention. Over time, several gravesites have settled to create a deep divot which makes it impossible to mow - so most areas have to be weed whacked. Also of concern are the stones which are leaning or fallen in this old cemetery. We intend to aggressively address each of them this year ~ as time and funds allow.

## STODDARD ZONING BOARD OF ADJUSTMENT 2005

The Stoddard Zoning Board of Adjustment meets as needed to consider applications for zoning variances, special exceptions and equitable waivers. The hearings during 2005 primarily related to set backs from lot lines of decks, garages and garden sheds.

FYI: In the Town of Stoddard, a building needs to be set back 25 feet from its lot lines. This applies to not only the interior living space of the building, but also the porches, additions, decks, garages, etc. A utility shed that is LESS THAN 100 sq. ft. can be located as close as 15 feet from a lot line. Development near the water has its own special set of limitations: a buffer zone of 50 ft. from the edge of the high water mark shall be left to prevent siltation into the waterway. There are other restrictions that apply to waterfront buildings - please see Stoddard Community Planning Ordinance for further information on construction of decks, porches, buildings or changes in use of "grand fathered" buildings within the 50 ft. buffer zone.

Several hearings were held in connection with the changes that would allow a drive-thru for Dunkin Donuts at Mr. Mike's. Your board gave considerable attention to the effects such a drive-thru would have on the lighting, safety and noise issues as they relate to residents in the area and you as a consumer or passerby. With the cooperation of your Planning Board, we both have done our best to address the safety factor; however, when passing this location, be prepared for cars that suddenly slow and don't use turn signals...or pull out not realizing the speed of oncoming traffic. Please use good common sense in these traffic situations.

**I'd like to close by expressing the board's sadness at loosing one of our own. Our fellow board member, Bonnie Dahling, passed away February 11, 2006. She served as an alternate, and was very diligent in her service to the Board. Her cheery smile, friendship and good "common sense" recommendations will be missed!**

## **2005-06 Annual Report**

### **Stoddard Conservation Commission**

The Stoddard Conservation meets on the second Thursday of the month at 7 pm, Town Hall. Most times we meet has to do with wetlands permits, Shoreline Protection Act situations, and planning for Olde Home Day activities. We do not meet on months where there are no agenda items. Because of that, if folks have issues that need to be brought before the Conservation Commission they should contact the chair, Geoffrey Jones at 446-3439 or write to PO Box 336, Stoddard, NH.

Last year was a very wet year with close to 60 inches of rain falling on the region. May and June were the wet months early on, followed by torrential rains beginning on Columbus Day weekend, where over 10 inches of rain fell in a 24 hour period. While many people were inconvenienced by the local flooding and high water in Mill Village provided dramatic pictures that made the Keene Sentinel front page, damage to property was limited to some basements, docks, gravel roads, bridges, and the shuffling of rocks and gravel along water courses that experienced high volumes. The twin arch stone bridge on the North Branch of the Contoocook (near the Stoddard/Antrim town line on Rte. 9) suffered the greatest damage as one of the arches lost several courses of dry laid granite stones. The New Hampshire Dept. of Transportation has plans to stabilize and renovate the damaged section of this historic bridge, with work starting the April and finishing in October of 2006.

Stoddard residents and property owners that experienced storm related damage to their lake shore properties need to be able to document the before and current conditions of their property and clearly illustrate any proposed changes they may want to conduct on their property when applying for a wetlands permits. Getting approval is difficult, time consuming, and potentially expensive, so be forewarned.

Before any activity involving dock construction, dredge and fill activity in wetlands, and working within 250 feet of the shoreline of any public body of water (lakes 10 acres in size or greater) is conducted, property owners and contractors should understand the laws and have the necessary permits. This information can be obtained by contacting the NH Department of Environmental Services (NHDES) by writing to N.H. Department of Environmental Services 29 Hazen Drive P.O. Box 95 Concord, NH 03302-0095 or calling (603) 271-3503. One can visit the DES website at

<http://www.des.state.nh.us/> to obtain fact sheets, background information, or on-line permits. While this website has a lot of useful information, it is sometimes frustrating to find it.

One area where we see a lot of violations occur is in the construction of docks. A DES permit is required for any seasonal or permanent dock. The following table must be followed regarding dock sizes and dimensions.

STANDARD DIMENSIONS OF A DOCK		
Nontidal Waterbody	Shoreline Frontage 75 ft. or Greater	Shoreline Frontage Less Than 75 ft.
Lakes less than 1,000 acres	6 ft. x 30 ft. (seasonal or permanent)	4 ft. x 24 ft.
Lakes 1,000 acres or greater	6 ft. x 40 ft. (seasonal) 6 ft. x 30 ft. (permanent)	
Navigable rivers	6 ft. x 30 ft.	

The town continues to allocate money for the Lay Monitoring program which uses volunteers from the various lake associations to conduct a series of water testing on Granite Lake, Highland Lake, Island Pond and Center Pond. Each lake was sampled 3 times during the season for the following water quality parameters: **chlorophyll-a concentrations** (an indicator of algal abundance which in turn can be an indicator of lake productivity); **Secchi-disk readings** (transparency is a measure of water clarity that can be affected by the amount of algae, sediment from erosion, and natural colors of the water); **total phosphorous concentration** (phosphorous is the limiting nutrient for plant and algae growth. Too much phosphorous in a lake or pond can lead to increases in plant and algal growth over time); **phytoplankton** (fluctuates during the growing season), **cyanobacteria** (if present in large amounts can be toxic to livestock, wildlife, pets, and humans. Nutrient loading, especially coming from fertilizers used on lawns accelerates the growth of cyanobacterium); **pH** (is important to the survival of fish and other aquatic life. A pH below 6.0 limits growth and reproduction of fish. A pH of 6.0 to 7.0 is ideal for fish); **acid neutralizing capacity** (the ability of water to resist changes in pH, known as the buffering capacity); **conductivity** (is the numerical expression of the ability of water to carry an electric current as influenced by the presence of minerals or salt in the water); **dissolved oxygen and temperature data** (oxygen/temperature amounts and ranges affect the health and vigor of fish and amphibians. Some species have very narrow tolerances to both oxygen

levels and temperatures. Warm water holds less oxygen than cold water and vice-versa. Changes in these parameter affect whether “warm” water or “cold” water species can survive in a body of water); **turbidity** (is caused by suspended matter such as clay, silt, and algae, which in turn influences water clarity); **bacteria-E. coli** (E. coli is an indicator organism that can indicate whether or not sewage is present in a water body. If sewage is present in the water, potentially harmful disease-causing organisms may also be present); **chloride** (this naturally occurring ion when in elevated levels can be toxic to freshwater aquatic life. The chloride content in NH lakes is naturally low. Higher levels are generally associated with salted highways and to a lesser extent, with septic inputs). For written detailed reports for each lake, contact Geoff Jones at 446-3439. DES biologists indicate that the lay monitors for all lakes did an excellent job collecting and submitting water samples for the past season. “Keep up the good work.”

Stoddard continues to participate in the regional household hazardous waste program, held at the city of Keene Recycling Center. Keep an eye out in the Keene Sentinel, at the town hall, and the Stoddard Recycling Center for dates open to Stoddard residents. Help the attendants at the Recycling Center, by adhering to the recycling protocol, putting the right stuff in the right containers, AND please, take hazardous household stuff to the Keene Recycling Center.

## Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. A fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 1-800-498-6868 or [www.des.state.nh.us](http://www.des.state.nh.us) for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2217, or online at [www.nhdf.org](http://www.nhdf.org).

Fire activity was high during the first several weeks of the 2005 fire season, with red-flag conditions issued by the National Weather Service and extreme fire danger in the southern and central portions of the state. This period of increased initial attack activity prompted a 5-day ban on open burning, the first such ban in several years. Despite the dry conditions, the state's largest wildland fire was contained at 29 acres. Our statewide system of fire lookout towers is credited with keeping the fires small and saving several structures this season due to their quick and accurate spotting capabilities. Fires in the wildland urban interface damaged 10 structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at [www.firewise.org](http://www.firewise.org). Please help Smokey Bear, your local fire department and the state's Forest Rangers by being fire wise and fire safe!

## THE COMMUNITY KITCHEN, INC.

### 1. Briefly describe the role of the agency:

The Community Kitchen, Inc. is a not-for-profit, direct service agency which provides hot meals, take home boxes containing food and personal care items, information and advocacy to low and moderate income men, women and families with children in the Cheshire County, NH area. Since its founding in 1983, the Kitchen has served and/or distributed over 8.50 million meals to people in need.

### 2. Identify the services that Town funding will provide:

The Pantry Box Program operates out of a space in our building on Mechanic Street. Each box provides approximately three days' worth of meals for each family member. Computerized and handwritten records are kept of family names, number of people, street addresses, dates of receiving each box, income and age. Each family or individual coming in for the first time must fill out a form required by the USDA, and provide back-up documentation for all of the above information. Many referrals have been made to this program from Town and City Welfare offices, school nurses and other agencies. Almost 70.00% of the food for this program is donated, and over 1,300 volunteer hours each month are donated by community members to ensure the success of the program. Take-home boxes of food are available on Wednesdays from 12:30 pm to 5:30 pm and on Thursdays from 11:00 am to 4:00 pm, or by special arrangement.

Hot meals are served Monday through Friday from 5:00 to 6:30 pm at our Mechanic Street location. Meals are prepared by a volunteer staff under the supervision of the Hot Meals Coordinator. Menus are planned after donated food is picked up at bakeries, delicatessens, supermarkets and restaurants. Meals consist of two or more entrees, salads, vegetables, fruit, bread, soup, desserts and beverages, and are served by volunteers. Guests/participants make up over 35.00% of our volunteer crew and help primarily with set-up and clean-up. We are not requesting any funding from the town for our Hot Meal program, but thought you might want to know about it.

#### a) Number of clients served 1/1/2005 to 9/30/2005 at the Pantry:

# Unduplicated individuals: 5,207

# Unduplicated households: 2,137

#### b) Number of those who were Stoddard residents:

# Unduplicated individuals: 24

# Unduplicated households: 10

c) Number of above Stoddard clients served who were under age 19: 4

d) Number of above Stoddard clients served who were over age 59: 4

e) Number of Pantry boxes distributed 1/1/2005 to 9/30/2005: 22,468

f) Number of those Pantry boxes distributed to Stoddard residents: 162

g) Number of meals in pantry boxes distributed 1/1/2005 to 9/30/2005:

475,749

**h) Number of those meals in pantry boxes distributed to Stoddard residents:**  
3,069

**i) Estimated dollar cost, per client served, 2004:** \$50.35  
Calculated using \$555,020.00 total cash expenses, 11,025 total clients

**j) Estimated dollar cost , per meal served, 2004:** \$ 0.60  
Calculated using \$555,020.00 total cash expenses, 929,271 total meals

**k) Cost to Community Kitchen of pantry meals provided to Stoddard residents, at 0.6 per meal through 9/20/2005:** \$1,841.40

**l) Percentage of total pantry box meals provided to residents of Stoddard:**  
00.65%

Please note that the numbers provided on this page are actual numbers for January through September only.

Traditionally, the Community Kitchen experiences tremendous increase in both the number of families served and the number of meals distributed in November and December, due to Thanksgiving and Christmas holidays, cold weather and fuel bills. It is anticipated that at the end of the year over 29,957 pantry boxes will have been distributed in total.

The amount of reimbursement we have requested is based on the actual number for the first three quarters of the year and an estimate of the fourth quarter added together.

### EXECUTIVE COUNCIL REPORT

2005 was an exciting year, as well as a year of change, in the executive branch of New Hampshire state government. John Lynch was inaugurated as our new Governor in January and had an immediate impact on the state with his "easy-going" and bi-partisan approach to the political process.

The New Hampshire Executive Council is a body consisting of five individuals who are elected from single member districts. Each district consists of approximately 220,000 citizens. The district I represent stretches from Milton, Somersworth and Rochester on the Maine border, through Concord, Franklin and New London in the central part of the state, to Walpole and Chesterfield on the Vermont border. The Executive Council's two main responsibilities are to approve, by majority vote, and appointment the Governor wants to make to public office- from judicial appointees, to state department heads, to members of boards and commissions to which New Hampshire residents volunteer their services. Two outstanding appointments, in my opinion, that Governor Lynch made and the Council confirmed this past year, were Dr. Lyonel Tracey as Commissioner of Education and Kelly Ayotte as Attorney General.

During 2005, the Governor and Council dealt with the implementation of the E-Zpass system for our turnpikes. After a number of difficult decisions, we were able to implement the new system and had well over 200,000 E-Pass transponders in use. This means that the turnpike system will be in solid financial shape and we should soon be able to make needed improvements to the Spaulding Turnpike in Rochester as well as future improvements to the Everett Turnpike in Concord. In 2005, the Council presented its recommendations to the Governor for upgrades to the Ten Year Highway Plan. The Governor will then submit the plan to the legislature for adoption. My only regret is the slow progress in building the Manchester Airport Access Road.

Another responsibility of the Governor and Council, is to consider the requests for pardons that may be submitted to us for approval. In July, the Governor and Council unanimously denied the pardon request of Pamela Smart for the murder of her husband.

The Executive Council deals with a variety of state issues, as well as hundreds of appointments to state positions, most of them voluntary, every year. If you have any problems, questions or want to be considered for a position please do not hesitate to contact me at : The State House, Room 207, Concord, NH 03301. Tel. 271-3632.

Respectfully submitted,  
Peter J. Spaulding

**THE STATE OF NEW HAMPSHIRE  
GRANITE LAKE VILLAGE DISTRICT  
2005 ANNUAL MEETING**

The 2005 Annual Meeting began at about 1 p.m. on July 7, 2005. Minutes from 2004 and articles for the 2005 agenda were read. Several guests were also present.

1. To choose one commissioner for a term of three years and to see who the inhabitants of the District will elect for the offices of Moderator, Clerk, Treasurer, each for the term of one year. Nominated: Phil Hamilton, Commissioner; John Halter, Moderator; Sally Ripley, Clerk; Tom Yocono, Treasurer. Due to sudden resignations of 2 of 3 Commissioners (Phil Hamilton & Kevin Robbins) during the weekend of the meeting, lengthy discussion followed. Bob England & Bob Sharkey came forward to volunteer. Bob Woods talked about how it was very often necessary for 2 Commissioners to add or remove boards because of sudden rains. The height requirements of the dam were also discussed. It was decided to have a study committee and meet again on July 23, '05. A motion to vote to recess was appropriately made and seconded. The vote was affirmative.  
At the July 23<sup>rd</sup> meeting John MacAllister was elected to a three year term and Tim Rohr was elected to complete Kevin Robbins term. Elections of Moderator, Clerk, and Treasurer were as nominated. The motion to approve was appropriately made and seconded. The vote was affirmative.
2. To see if the District will vote to authorize the Commissioners to borrow in anticipation of taxes. The motion was appropriately made and seconded. The vote was affirmative.
3. To see if the District will vote to raise and appropriate the sum of \$350.00 to defray Village District expenses for the ensuing year and make appropriations of the same. The motion was appropriately made and seconded. The vote was affirmative.
4. To see if the District will vote to raise and appropriate the sum of \$750.00 to purchase liability insurance to cover the District. The motion was appropriately made and seconded. The vote was affirmative.
5. To see if the District will raise and appropriate the sum of \$500.00 to add to the capital reserve fund for dam maintenance, repair, and/or replacement. The motion was appropriately made and seconded. The vote was affirmative.
6. To see whether the District will accept funds from the

Granite Lake Association or from any other source for the purpose of maintaining, repairing, and/or replacing the dam. The motion was appropriately made and seconded. The vote was affirmative.

7. To see if the District will appropriate from surplus funds the sum of \$5000.00 to be placed into the capital reserve fund for dam maintenance, repair, or replacement. The motion was appropriately made and seconded. The vote was affirmative.

8. To see if the District will schedule its annual meeting to follow the Granite Lake Association meeting in 2006. It was voted to recess for a special meeting on July 23, 2005 to decide Articles 1 & 8 only. Article 8 was duly postponed to the special meeting at which the motion was appropriately made and seconded to schedule its meeting to follow the Granite Lake Association meeting in 2006. The vote was affirmative.

Respectfully,

Sally Ripley, Clerk

Effective July 1, 2005, the following conditions shall apply to dogs kept in the Town of Stoddard:

1. Dogs shall not be kept on a tether for more than 16 cumulative hours in any 24 hour period.
2. Dogs living primarily outside shall have access to clean water and a wind proof, rain proof, enclosed shelter with a roof and solid floor, of a size appropriate for the dog to stand up and lie down comfortably and to retain body heat. The entrance shall be large enough to allow access, but out of direct path of winds. The shelter shall have a sufficient quantity of suitable bedding material to ensure the comfort of the dog.
3. The containment area of the dog shall be free of accumulated waste and debris so that the dog shall be free to walk or lie down without coming into contact with such waste or debris. A suitable method of draining shall be provided to eliminate water or moisture.
4. For dogs confined outside by a tether, the tether shall be safe so as to prevent tangling, hanging, or other injury to the dog. The tether shall be weight appropriate and attached to a properly fitting, non-choke collar or harness worn by the dog.
5. In extreme or dangerous weather conditions (extreme heat, cold thunder, snow, ice) dogs must be kept inside a building, which can include a barn or garage.
6. Dog owners or caretakers found in violation of this ordinance shall receive a WARNING from the Stoddard ACO, Monadnock Humane Society cruelty investigator, or other duly authorized law enforcement officer, after which they will have 1 - 30 days to comply. A third warning for the same dog may result in removal of the dog to the Monadnock Humane Society. The owner/caretaker shall have 30 days to comply or shall relinquish permanent custody of the dog to MHS. The owner/caretaker shall reimburse MHS for food and boarding during the time the dog is in

MHS custody.

**(By Petition)** Moved by Jean Slepian, seconded by Keryl Olson. Jean Slepian explains that this ordinance will pertain to dogs only that are kept outside. Discussion follows. After a lengthy discussion and voice vote it appears the article is adopted. A standing vote is requested. On a standing vote of 67 YES and fewer NO's the Moderator declares Article 27 manifestly in the affirmative.  
**ARTICLE 27 IS ADOPTED.**

**ART. 28:** To transact any other business that may legally come before this meeting. Being none Mary Lou Eaton moves the meeting is adjourned. Seconded by George Cahill. Meeting adjourned at 9:15 PM. All newly elected officials sworn in by the Moderator.

Respectfully submitted:

### **School Board Annual Report**

The Stoddard Board of Education has had a successful year working to improve the school facility, to provide exceptional education for the students at James Faulkner Elementary School, and to improve relations with the Keene School District and SAU 29.

Principal John Thomas began his tenure at JFES early in the spring under the direction of principal, David Bell. During the summer, librarian Pat Strickland and Mr. Thomas orchestrated the renewal of the school library by cleaning out and painting the room, building new shelf units, and, most importantly, cataloging all the books discarding worn out or unused books and purchasing new, attractive, age-appropriate selections. As a result, the children and teachers have been more easily able to access the library.

Also during the summer, the Board authorized the drilling of a new well because the existing well had become contaminated. This decision came also as a result of wanting to clear the hallways of cases of bottled water thereby providing more storage space and making the school more attractive by eliminating excessive clutter. Unfortunately, the first drilling resulted in a dry well. After much discussion, the Board directed Wragg Brothers of Vermont to drill a second well in a different location. That site was successful and now pure well water is available in all faucets and drinking fountains. The State regulators, however, have identified border high levels of fluoride. As a result, children under 9 years are not allowed to drink the well water because excessive ingestion of fluoride may cause cosmetic issues of staining and pitting of the permanent teeth. The fluoride tests will be repeated quarterly; if the levels of fluoride do not go down, the Board will have to make arrangements to install a filtering system. In the meantime, younger children are encouraged to bring water bottles to fill at school with bottled water the school has provided.

New equipment was purchased for the kitchen including a new large stove, refrigerator, cabinets, and table. The floor was replaced in the kitchen as well as in two student bathrooms. All these improvements and changes have been made in an effort first to upgrade the school facilities for our children and secondly for the possible use of the school as an officially designated community emergency center. It was fortuitous that the building was ready to operate as an emergency center during the October 2005 floods as it housed the Stoddard EMTs, police and fire squads.

Most importantly, the educational programs at JFES have resulted in higher test scores both in math and language. Maggie Sergeant, Kathy Guertin, Mark LaFleur and others have successfully implemented a writing program which encourages children to write stories in response to artwork.

As a result of the 2004 budget vote and the fundraising efforts of the Playground Committee, the Board directed the purchase and installation of new playground equipment. Parents helped with site preparation and with erecting the equipment. Since then, the children have enjoyed the opportunity to play outside on new safe equipment.

The Board encourages parents and families to become involved at the school and to be involved in the Parent-Teacher Organization. The Playground Committee evolved from this group. The PTO will also host another Lobster Dinner in July to raise money for school activities and special projects.

Work continues in creating an AREA (Authorized Regional Enrollment Area) Agreement defining the relationship of Stoddard and the six sending towns of SAU 29 with Keene School District. Among other items, this agreement specifies the way tuitions are calculated. According to the existing agreement, it also “provides a mechanism for sending districts to participate in the evaluation and planning of programs at Keene High School.” The AREA Agreement was to expire in 2006; however, as yet the towns, Stoddard, and Keene have not agreed on a final version of the new plan.

Douglas White joined SAU 24 as Assistant Superintendent to Dr. Christine Tyrie. All the staff at the SAU 24 office, offer much support to the Board and school, and we sincerely appreciate their efforts.

Finally, James Faulkner Elementary School regularly hosts programs to which the community is invited. The Board hopes that everyone will access these opportunities to know your school and be part of its success.

Respectfully submitted,

Michael Meyer, Chairman  
Alfrieda J. Englund, Vice-Chairman  
Brian Pratt

### **James M. Faulkner Elementary School Principal's Report**

Academic success depends so much on a positive, physically and emotionally safe, and fun learning environment. We are fortunate to have a wonderful faculty and staff that always put the needs of children first. We work hard to collaborate on our curriculum and integrate the arts across all grades and subjects. I truly believe our students benefit greatly from interacting with different aged peers, not only within the class, but also outside.

#### **Staffing:**

Over the last year, our school has seen only a few changes in personnel.

Victoria Moore, Music Teacher

Lisa Davenport, R.N., School Nurse

Donna Marshall, Paraprofessional

#### **Highlights of the Year:**

One major goal of James M. Faulkner Elementary School has been to improve the instruction of literacy. Specifically, writing has been a major focus for the entire school. Last summer, all three teachers participated in a Picturing Writing workshop and are implementing it in their classrooms. Picturing Writing: Fostering Literacy through Art, an art-and-literature-based writing program, is designed to support the acquisition of literacy skills in children with diverse learning styles. As a research-based literacy program, Picturing Writing has proven its effectiveness in dramatically improving student writing. Students in Maggie Sergeant's 2<sup>nd</sup> and 3<sup>rd</sup> grade class have just finished their first published book using the Picturing Writing strategy. Using this strategy, the children of Mrs. Sergeant's class explored the rich relationship between visual imagery and the written word.

Of the many highlights in Mark LaFleur's 4<sup>th</sup> and 5<sup>th</sup> grade class, one is the creation of Egyptian Scrapbooks by each student. The scrapbook projects are based on the book House on Hackman's Hill. These scrapbooks are impressive works of art and literature that brought together what the students had learned about Egypt through social studies and language arts.

When a student arrives at a school to begin formal education, it is imperative that we connect not only to the student, but also to the family. No one does this better than Kathy Guertin. In her kindergarten and 1<sup>st</sup> grade class, Mrs. Guertin hosts annual Mother's, Father's, and Grandparent's Day celebrations during the school day as well as in the evening. It is exactly this sort of outreach that is key to a child's success in school.

Parent and community support are no more apparent than outside our building. Through the hard work of the Playground Committee under the auspices of the Stoddard Board of

Education, we were able to install new playground equipment in July. Through the continued fundraising of the Playground Committee, a picnic table, sandbox and additional climbing structure were purchased in the fall to be installed when the ground thaws in the spring.

James M. Faulkner Elementary School has seen considerable improvements in technology over the last several months. The most significant improvement has been the addition of satellite high speed Internet access. In addition, every classroom teacher and the special education teacher, secretary, and principal now have laptop computers with wireless access to network services such as printing and the Internet. With the help of Maggie Sergeant, the teachers were trained over the summer on two software programs, Star Reading and Star Math, which are designed to help the teachers more effectively assess student learning. SAU 24 has recently implemented new financial software, Budget Sense, which has moved our entire financial system online so we can manage our resources even more effectively. In addition, we will soon be utilizing new software called Power School by Apple Computer to manage student data from attendance to grades. These improvements not only allow the teachers to utilize the Internet much more effectively in planning and instruction, but also the administration will be able to better manage the school's resources and student information.

So as you can see it has been a very busy year. But, with the outstanding faculty and staff combined with the wonderfully supportive parents and community, it is no surprise that we are able to create an effective learning environment for children at our school.

Respectfully submitted,

John Thomas  
Principal

## **REPORT ON INTERNAL CONTROL BASED ON AN AUDIT OF BASIC FINANCIAL STATEMENTS**

To the School Board  
Stoddard, New Hampshire School District

We have audited the basic financial statements of the Stoddard, New Hampshire School District as of and for the year ended June 30, 2005, and have issued our report thereon dated September 23, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America.

The management of the Stoddard, New Hampshire School District is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Stoddard, New Hampshire School District for the year ended June 30, 2005, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operations that we have reported to the management of the Stoddard, New Hampshire School District in a separate letter dated September 23, 2005.

This report is intended for the information of management and the School Board. However, this report is a matter of public record and its distribution is not limited.

## **ANNUAL REPORT**

## **School Administrative Unit #24**

### **Superintendent of Schools Report**

This year we began the implementation of a new reading series to support our focus on early literacy. There is now a single set of reading materials in all of the elementary grade levels in the SAU and a more consistent approach to the teaching of reading. We have made measurable progress on our goal to reduce the number of students reading below average as indicated on a nationally normed test. We will continue to make progress as we investigate and implement a “three-tier” model of reading instruction, which includes explicit support for students who are struggling.

This year we began the implementation of two SAU-wide software programs. The first is PowerSchool, which collects student data on a central server that is accessed via the Internet. This software will eventually allow us to provide information to parents through a website. The second software is BudgetSense. This replaces the DOS version of accounting software in the SAU. This software is also housed on web-based server and is accessible from each school. School personnel can now directly enter and monitor their budgets, and purchase orders. Each of these programs will require several more years of implementation to reach their full potential.

Our staffs continue to increase their use of technology. Henniker and Weare schools have begun implementation of a computer based assessment provided by North West Evaluation Association (NWEA). This assessment, MAP (Measures of Academic Progress), is individualized for each student, gives immediate results, and generates a profile of strengths and weaknesses in the areas of reading, language usage and math. The SAU is considering extending MAP testing through ninth grade in order to continue to track student academic growth as students enter high school.

Our districts are involved in discussions about curriculum and programming. This is particularly the case in light of the new minimum approval standards adopted by the Department of Education last summer. We are increasing our collaboration in the SAU at all levels as we discuss how to maximize our use of instructional time. Of particular interest for this school year are math curriculum and health and wellness. Our decision-making processes rest on bringing about the best outcomes for students, schools, parents/community and staffs.

The SAU staff remains committed to a global view of continual improvement in the quality of education we can offer the communities of Stoddard, Henniker and Weare. We welcome input from all residents that can help us in this endeavor.

Respectfully submitted,

Christine D. Tyrie, Ed. D.  
Superintendent of Schools

Equalization Rate: Each year the Selectmen complete a report for the Department of Revenue Administration. This report lists all the properties sold in Stoddard for the past year with the sale price. The Selectmen must report the Assessed Valuation of the property and note if the sale was within a family or in some other way not qualified as a market value sale. Based on this information, the Department of Revenue Administration calculates the percentage of Assessed Value to Market Value.
